

Dear Sponsors, Donors, Volunteers & Friends,

The past 11 years have been incredible. We have **helped over 31,000** people living with untreated hearing loss across the U.S.A. including **10,000 people** here in the Nashville area. We've served over **700 community partner organizations** hosting over **900 free hearing health screening events**. We've served over 250 children's charities nationwide, helped over **3000 veterans** with hearing loss, secured a partnership with the **Metro Nashville Public Schools** and also have served over **300 senior living communities**. This year has been extremely difficult and **we need your help**.

Songs for Sound is a 501c3 charity that aims to help 1,000,000 people living with untreated hearing loss to hear by 2025. We do this by spreading awareness, increasing access and encouraging action for hearing loss solutions and hearing health while increasing hope in the lives of those we help.

Programs

OUTREACH Program:

The **Hear the Music Project**, consists of a free hearing screening program and experience designed to increase knowledge of and access to hearing loss solutions.

Champions **CARE TEAM**:

A **group of advocates and coaches** who walk someone from "I think I have hearing loss" to "I want to hear" by booking audiology appointments, identifying the best clinic/audiologist for that person, reviewing insurance benefits, preparing audiologists for their appointment.

(Hardaway's) **HOPE PROGRAMS**:

This program is designed to provide lifetime support, programs and events (grouped by age and likeness) to help them providing success strategies while living with hearing loss and using hearing loss technology.

HOPE HOUSE: Capital Campaign kickoff goal, 2023-2024 as the economy permits such a campaign
