A Charity Helping the
World HEAR:
SOUND.
#WhyWeHear

OUR STORY

Founder and Director of Songs for Sound, Jaime Vernon, has a daughter who was born deaf. After failed attempts to get help from healthcare professionals, Jaime pushed her way to an Audiologist. She found out, her daughter was deaf. Implanted bilaterally with cochlear implants at 18 months of age, Jaime made it her life's mission to help everyone have AWARENESS, ACCESS & encourage ACTION for themselves & their family members. Now consisting of five programs, Songs for Sound has served 24 states with it's mobile hearing health experience, has a Kids Camp, conducts mission work overseas and more. WE SERVE BUSINESSES, Boys & Girls Clubs, YMCAs, Senior Centers, Veterans Orgs, large community events and more!

When you choose Songs for Sound, you are choosing to be a part of a MOVEMENT.

Thank you for considering our services. If you feel compelled to give, please do. We cannot exist without it!.

ABOUT US

OUR TOUR

We offer a free Mobile Hearing Clinic or tailored solutions for your hearing health needs. Printed and emailed results, packets of information and resources to help with next steps. Most importantly, we generate AWARENESS for healthy hearing and hearing loss prevention.

BUSINESSES

An employer is responsible for the safety of employees. Occupational safety standards regulate noise levels and require employers to monitor sound decibels to reduce the risk of hearing damage.

In addition, hearing loss causes:

- Inability to Communicate Effectively
- Depression
- Social Isolation
- Risk of Injury
- Increase Worker's Comp claims
- Decreased Productivity

Being a proactive employer reduces claims, increases productivity and shows your employees you care. Simply put, it's the right thing to do.

OUR CLIENTS

We are a charity offering a FREE SERVICE, however in order for us to continue, we'd be honored if your organization would consider us in your employee giving, grants or end of year donations.

Visit SongsForSound.com to make a gift.
