

## *Are OTC hearing aids right for me?*

Visit [SongsForSound.org](https://SongsForSound.org) for a personalized hearing health profile which is “beyond the test.”

Let our Care Team guide you.

01

You have had a hearing test from an Audiologist.

02

You have mild-to-moderate hearing loss.

03

You understand you may need more advanced hearing aids in the future if your hearing loss worsens.

04

If your hearing changes, you need to go see your audiologist.

05

You are now a hearing advocate for those who also need help to hear.
